**Summary** - On the whole pupils stay with us beyond Year 11 so in terms of accreditations only do the core subjects of English, Maths, Science and ICT in Year 11, with the majority gaining these four qualifications before entering Post 16. From then on pupils look to enhance these qualifications further or reinforce the skills if the pupils have reached their academic ceiling. The bulk of further qualifications such as PSD, Duke of Edinburgh and Asdan shorts courses are gained in Post 16.
